

*Please be aware that the presentations from, and materials related to, the Deep Space Optical Communications (DSOC) Technical Interchange Meeting (TIM) held 12/16/2015 are available. Information contained in the charts and materials may be subject to U.S. export control regulations. Furthermore, its distribution is limited to Discovery 2014 Concept Study teams. Provide to Mr. Washito Sasamoto ([washito.a.sasamoto@nasa.gov](mailto:washito.a.sasamoto@nasa.gov)) and the applicable PI, a point of contact to receive this information, along with your/their Discovery 2014 Concept Study affiliation, current organizational affiliation, and country of citizenship. Additionally, if you/they possess an active NASA PKI certificate, indicate so.*
